About Us...

Ben Nelson demonstrating one handed shooting during Handgun Skills Course

We are dedicated to education and training for responsible citizens who wish to safely protect themselves, their loved ones, and the community.

Ben Nelson is a Coeur d'Alene native who, after many successful years in the construction industry, decided to pursue a love of shooting sports and a dedication to the exercise of 2nd Amendment rights by every eligible person. His passion for armed citizen self de-

fense is evident as he works one on one with students to become safe and responsible firearms owners.

Tina McCoy is a Southern Idaho Native who relocated to Post Falls in 1994. During tactical and self defense firearms training, she became aware of the need for female trainers and coaches. She became a Certified Instructor to lend a women's perspective to shooting sports and offer crime prevention awareness and handgun training specifically for women.
